## SUMMARY

Two military installations, probably supporting other military facilities in the area, are situated in 2 old forts at the western edge of Leninakan.

25X1A The larger of the forts (40-47N 043-49E), previously identified as Leninakan Barracks West, covers 116 acres and comprises 18 barracks, 9 administration buildings, 4 warehouses, 20 miscellaneous support structures, and a former chapel. The installation is apparently a headquarters or a training center.

The military installation within the smaller

fort (40-48N 043-49E) covers 37 acres and contains 2 barracks, 2 administration buildings, 2 miscellaneous support structures, an old watch or water tower, a vehicle repair shop, and a motor park which held approximately 150 vehicles on [REDACTED]. The installation probably contributes logistic support to military facilities in the area.

25X1D

Good, clear photography over this area is limited to TALENT mission in [REDACTED]. KEYHOLE missions in [REDACTED]. No important changes were discernible.
